Objective

To obtain a co-op in the Computer Science field during the Spring and/or Summer of 2018

Education

Rochester Institute of Technology, Bachelor of Science in Computing and Information Sciences 2020

Relevant Experience

Hack-a-thon

- Participated in an on-campus hack-a-thon with two other students
- Started writing a Java movie library with my team

Web Development

- Completed a nine week web development class through codecademy to learn HTML and CSS
- Created an online portfolio website
- Design and Development Coordinator for a website project in my Introduction to Software Engineering class

Skills

Programming

Most Experience: Java, C, Python, HTML, CSS

Some Experience: C++, Django

Operating Systems: MacOS, Windows, Linux

Personal

- Passion for learning new concepts and ideas at a rapid pace
- Experience working effectively and efficiently in teams
- Outstanding verbal and written communication skills
- Strong ability to build relationships with co-workers and customers

Work Experience

Publicis Media | May 2017 - August 2017

Software Engineering Intern

- Upgraded the bidding software, which increased performance by 25% and reduced the cost of running machines
- Refactored a directory by splitting it in two, making it consistent with the rest of the file structure
- Implemented a statistics daemon into the software to monitor performance
- Worked with multiple programming languages including C++ and Bash
- Gave a 15-minute final presentation in front of 30+ engineers
- Worked in a team of seven other full-time programmers to develop high quality software

Rochester Institute of Technology | August 2016 - Present

Computer Science Ambassador

- Working as a representative for the Computer Science program at the Rochester Institute of Technology
- Teaching new students about the College of Computing and Information Sciences

Orientation Leader

- Introduced new students to the Rochester Institute of Technology
- Answered questions from students using past experiences

Wegmans Food Markets Inc. | August 2013 - August 2017

Knowledge Based Service Team Member

- Developed strong communication skills through frequent interactions with management, staff, and customers
- Learned about new products and offering suggestions to customers based on experience
- Worked to engage customers by utilizing excellent customer service skills
